MESSAGE FROM THE CHAIR AND THE EXECUTIVE DIRECTOR

Breaking new ground in person-centred care, research and education is only possible when bright minds, dedicated staff and generous donors come together to make that vision a reality.

For more than 15 years, the Kensington Foundation, through the generous support of our donors, has been providing each of the Kensington Health entities with the vital financial support they need to make significant contributions to ambulatory, long-term and community care in Ontario.

Thanks to your generous contribution, we have seen unprecedented growth across our organization.

This year saw the opening of the Kensington Vision and Research Centre, offering clinical, diagnostic and ancillary vision care services, as well as research capabilities, making Kensington Eye Institute a truly comprehensive academic ambulatory eye institute.

This year also saw the adoption of towel warmers at Kensington Gardens. This seemingly small addition to the care of our residents who are most affected by Alzheimer’s Disease and related dementias has proven to be an absolute miracle worker in improving the quality of life of our residents.

And finally, our Kensington family grew with the integration of the Eye Bank of Canada – Ontario Division. This proud new addition will allow for the continued provision of a critical service in restoring vision and improving the quality of life for patients across the province.

This year we are proud to report that we have achieved a fundraising total of nearly $850,000. Furthermore, thanks to the superb oversight from the Investment Committee of our Board of Directors, we have earned income of $3,208,000 from our investments. These achievements are a point of pride for the Foundation, which we know will continue to grow in the years to come.

Brian McFarlane, FCPA, FCGA
Executive Director

John Lind, President and Chair

Breaking new ground in person-centred care, research and education is only possible when bright minds, dedicated staff and generous donors come together to make that vision a reality.

The vision of The Kensington Foundation is to be a strategic partner for enhancing the quality of life.

Kensington Foundation provides financial support for:

THE KENSINGTON HEALTH CENTRE
KENSINGTON GARDENS
KENSINGTON HOSPICE
EYEBANK OF CANADA - ONTARIO DIVISION

THE KENSINGTON EYE INSTITUTE
KENSINGTON VISION & RESEARCH CENTRE

THE KENSINGTON SCREENING CLINIC
THE KENSINGTON RESEARCH INSTITUTE
Beyond providing financial support to the Kensington Health entities, the Kensington Foundation is proud to continue its tradition of giving back to our community by providing financial support to organizations and academic institutions in our community with a focus on health care. This year we provided a total of $126,000 in grants to 17 different organizations.

We would be remiss if we did not acknowledge the dedication and commitment of our entire Kensington Community – the staff, the volunteers and event participants, as well as our leadership team – without whom none of these achievements could have been made possible. Each and every contribution is equally important in its own unique way.

We are pleased to share the following report with you, which serves to celebrate the accomplishments of the last year. Thank you for your generosity, your time, and your passion. Your heartfelt contributions come with our highest commitment to accountability – our audited financial statement summary can be found at the back of this report.

On behalf of our patients, residents, clients and the entire team at Kensington Health – thank you.

John Lind,
President and Chair

Brian McFarlane,
Executive Director
THE KENSINGTON HOSPICE
Champions of Quality End-of-Life Care

Kensington Hospice is our 10-bed residential hospice, opened in 2011 to provide quality palliative care in a peaceful, homelike setting. Located in a beautiful historic building on the Kensington Health campus, the Hospice is designed to respond to the needs of both residents and their family members as they face life-limiting illness and bereavement.

A significant proportion of operational funding remains to be provided by our generous donors. This additional operational funding covers vital programs and services that are provided to our residents and their families, including:

- Spiritual Care
- Social Work
- Nutrition Services
- Music Therapy
- Volunteer Training and Coordination

These crucial services are provided free of charge and contribute to the care of the whole person – mind, body, and soul – as they face life-limiting illness.

Kensington Hospice often receives praise from the families of our former residents for the care they’ve received during their time with us. But rarely does a letter pass by our office that so wonderfully captures the spirit of the Hospice as the letter from Salvatore and Tonia Desiato and their family.

Their mother, Albina Desiato, was a resident of the Hospice for six weeks and two days. Their letter of appreciation truly demonstrates the comprehensive range of services that our passionate Hospice team was able to provide their family thanks to our generous donors.

On behalf of the entire Kensington Health community, we’d like to thank the Desiato family for their kind remarks – your words have touched all of our hearts. And we would also like to commend the amazing team at the Kensington Hospice for truly embodying the values of our organization – excellence, respect and teamwork.

While Kensington Hospice does receive public funding from the Toronto Central Community Access Centre for nursing and personal support care, this accounts for only 70% of the total Hospice budget.

A Letter of Thanks

Our dear mother, Albina Desiato, was a resident at Kensington Hospice for six weeks and two days. We want to thank the staff, doctors, nurses, PSWs and volunteers for their remarkable care. At every turn, our mother was treated with kindness and dignity. It truly takes a special and blessed type of person to work at a hospice. It isn’t just a job but a calling to care for the most ill and vulnerable.

Not only was our mother cared for but we were cared for. Nurses doted on our father, Angelo. They asked him if he ate, encouraged him to take short walks and elevated his swollen feet. We were cared for as well. Every day, Maxine would ask us if we had any questions, needed any information or wanted to talk.

When our mom was still speaking, she often extolled the praises of the staff and the food and was thankful for being at Kensington and having such extraordinary care in a lovely environment despite her terminal diagnosis. Every one of her visitors marvelled at the cleanliness, the beautiful woodwork and stained glass windows, the garden, the flowers, the peacefulness and compassionate smiles all around.

The nurses and PSWs were supportive as our mother’s illness advanced. They taught us how to make her more comfortable, how to thicken her orange juice and how to approach mouth care.

All of you at Kensington Hospice are outstanding and we hold you all in the highest regard! Brenda who came to our home for intake and spoke with eloquence and honesty to my mother and gave her the opportunity to express her needs and wants for her final days.

Doctors Katie, Haley, Radine and Erin – your expertise coupled with your humanity make you exemplary in your field.

SarahRose, you are an unbelievable woman. What a wonderful talent you share with Kensington residents. Our mother loved music and the fact that you gave her and our father the opportunity to hear songs she loved fills our hearts with gladness.

Claire made our mother’s initial adjustment just that much easier and answered a host of questions. Nancy, who is not only an efficient and caring nurse, but also a gifted seamstress and quilter, we loved seeing your hardwork all around the hospice. Cielo, who sat and got the kindest soul. Angela – a truly special and knowledgeable nurse with compassion and she always knew a good place to get a delicious quick bite.

Kat, Tessa, Shat, Diana, Lisa, Charlotte and Cliff are all kind and amazing nurses and we cherish you and appreciate all you do.

To Melissa and Joey, you cared for our mother as if she was your own. One day, Tonia watched Joey give our mother a bed bath. The care and dignity he showed her was unparalleled. Albina often called Joey “the best one.” He was her favourite…and “the worst nurse”.

We are so thankful for being cared for in the Desiato family. Our mother loved music and the fact that you gave her and our father the opportunity to hear songs she loved fills our hearts with gladness.

All the volunteers – the receptionists, the fabulous chefs, bakers and all around helpers – Kensington Hospice could not do what it does without you. You are unsung heroes. To the sweet custodians who always had a smile and kind word for us – thank you. A big hug to Douglas who made every day easier with the wag of his tail and a pet of the softest coat.

As our mother took her final breaths, Lev and Sandra were with us in our grief. They offered us privacy but also showed us great sympathy. The procession was dignified and heartfelt and meaningful as the Kensington quilt enveloped our mother and the candle was lit in her honour.

All the volunteers – the receptionists, the fabulous chefs, bakers and all around helpers – Kensington Hospice could not do what it does without you. You are unsung heroes. To the sweet custodians who always had a smile and kind word for us – thank you. A big hug to Douglas who made every day easier with the wag of his tail and a pet of the softest coat.

As our mother took her final breaths, Lev and Sandra were with us in our grief. They offered us privacy but also showed us great sympathy. The procession was dignified and heartfelt and meaningful as the Kensington quilt enveloped our mother and the candle was lit in her honour.

Losing our mother is profoundly painful and practically unbearable. Our mom was many things – strong and brave and funny and sarcastic and gentle and kind. While thank you does not seem adequate, we hope we have conveyed our gratitude to all of you.

Sincerely,
Salvatore and Tonia and the entire Desiato Family

Clockwise from bottom left:

In 2014, Kensington Gardens (KG) began a fundraising appeal to support the purchase of towel warmers for some of our most impaired residents. Thanks to the nearly $15,000 that was raised by our community, KG was able to purchase four towel warmers that are now used by approximately 100 of our residents who are most affected by Alzheimer’s Disease and related dementias.

The intended purpose of the towel warmers was to create a better bathing experience for our residents with Alzheimer’s Disease and related dementias. However, once the towel warmers were in place, the team came to discover the therapeutic benefits went far beyond bathing. In fact, the towel warmers have completely transformed interactions with our residents.

When asked about the impact on resident care, the staff members agreed, “It’s like magic!” They found that when residents were presented with warm towels an immediate and drastic change in behaviour occurred. Residents who were agitated and combative immediately became calm, relaxed and comfortable. The towels created a sense of trust between the residents and their support workers, ultimately allowing for overall safer and better-quality care.

With the on-going support of our donors, we will be able to continue to improve the quality of life of our residents by continually implementing new and innovative ways to care for seniors and adults with disabilities.

On behalf of Kensington Gardens, the entire staff and our residents, we thank all of the towel warmer donors for your generosity. Your support has helped us continue to exceed expectations in improving the quality of life of our residents.

The towel warmers have proven to:
• Calm residents with dementia-related behaviours to facilitate a comfortable bathing, dressing, and sleeping experience.
• Sooth residents who are scared and confused.
• Act as a non-verbal communication tool to overcome language barriers.
• Foster our residents’ ability to perceive kindness in their caregiver and build a sense of trust.
• Alleviate symptoms of pain related to chronic and acute illnesses, as well as palliative care.
• Create a sense of comfort for residents throughout the Gardens when they experience acute changes in their health.

What is a towel warmer?

A towel warmer is a piece of medical equipment that warms specialized towels and blankets used for therapeutic purposes. They are frequently used in hospitals and hospices to help with pain management and to provide an element of calm through a patient’s treatment, recuperation or palliative care. However, this is one of the first times this therapeutic tool has been implemented in a Long-Term Care setting.

At Kensington Gardens (KG) warm towels and blankets are used to create a sense of calm for bathing, dressing and sleep, among many other uses. The KG staff and leadership team have been astounded by its incredible impact on our residents’ quality of life.

To learn more about the Towel Warmer Appeal at Kensington Gardens or to contribute, please visit our website at kensingtonfoundation.com. Thank you for your support in helping us create a better quality of life for our residents.

Elena Biava, a resident of Kensington Gardens, is wrapped in a warmed blanket provided to her by Personal Support Attendant, Bei Bei Sun.
The Winning Team – Abe Saltzman, Carolyn Dushenski, Scott Farronato, and Steve Head. Abe and his fantastic foursome have been participating in the Kensington Golf Classic since the very first tournament in 2000. Kensington Foundation would like to thank Abe for his long-standing generous commitment to the Kensington Golf Classic which includes hole sponsorships, hole-in-one car sponsorships, as well as his participation as a member of the Golf Committee since inception.

Laszlo Cser with Kevin McFarlane, Brett McFarlane and Adam Shapiro. This year’s auction was a resounding success earning over 20% more compared to last year. A highlight of the live auction was Laszlo Cser’s exclusive bottle of 18 year old Scotch. The auction is an event favourite and rallied high enthusiasm from many bidders. Board member Edward McQuillan generously donated from his private wine cellar a three bottle lot of Penfolds Grange Shiraz 2008. A “must-have” according to Dr. Sherif El-Defrawy who was the lucky bidder and is adding these special bottles to his collection.

The 15th Annual Kensington Golf Classic

On Tuesday, June 9, 2015, 135 golfers and 20 volunteers took part in what many have referred to as their favorite golf tournament of the year: the 15th Annual Kensington Golf Classic. The Kensington Golf Classic raises funds in support of all Kensington Health entities as they strive to break new ground in person-centred care, research and education.

Under the leadership of Jaimie Grossman, Board Member and generous donor, and with the dedication of the Golf Committee and volunteers, the Golf Classic proved to be an even bigger success than in years past.

Through the collective efforts of donors, golfers, and corporate sponsors such as Alcon Canada and Medical Pharmacies, an incredible $201,783 (net) was raised in support of our Kensington Health entities.

At Kensington Health, we are proud of our long history of delivering comprehensive patient-centred health care. As a group of charitable organizations, we are continually evaluating the health care needs of our community and providing innovative solutions focused first and foremost on delivering high-quality, person-centred health care services.

Since its inception in 2000, the annual Kensington Golf Classic has raised over $2.7 million (net) to help support Kensington Health organizations and community programs that promote health and well-being.

At Kensington Health, we are proud of our long history of delivering comprehensive patient-centred health care. As a group of charitable organizations, we are continually evaluating the health care needs of our community and providing innovative solutions focused first and foremost on delivering high-quality, person-centred health care services.

How were this year’s funds distributed

- Kensington Eye Institute - Surgery Centre: 5%
- Kensington Eye Institute - KVRC: 9%
- Kensington Screening Clinic: 5%
- Kensington Foundation: 14%
- Kensington Health Centre - Gardens: 5%
- Kensington Health Centre - Hospice: 3%
- Kensington Health Centre - Surgery Centre: 64%

CHAMPIONS OF CARE

The Champions of Care program was developed by the Kensington Foundation as a wonderful way to say “thank you” to a staff member or team who made a difference in the care a person received while at Kensington Health. This gift of thanks is not only a thoughtful way to acknowledge our dedicated team of health care professionals, but it is also a generous way of ensuring that others will be able to enjoy the same quality of care at Kensington Health in the future.

This year, six Champions of Care were acknowledged by grateful patients and residents. Congratulations and thank you for your dedication and passion!

Ada Bonilla & Madonna O’Malley, Personal Support Workers (midnight shift), Kensington Gardens (1W South)
Dr. Ian Bookman, Gastroenterologist, Kensington Screening Clinic
Dr. Rosa Braga-Mele, Cataract Surgeon, Kensington Eye Institute
Dr. John C. Lloyd, Cataract Surgeon, Kensington Eye Institute
Dr. Allan R. Slomovic, Corneal Surgeon, Kensington Eye Institute

CHAMPIONS OF CARE AT THE KENSINGTON EYE INSTITUTE

Paul Antony is one of the grateful patients of the Kensington Eye Institute (KEI). Through his generous donation to the Champions of Care program he acknowledged the exceptional care he received from Dr. Rosa Braga-Mele.

When asked why he chose to thank Dr. Braga-Mele through a contribution to the Foundation he noted that, “Dr. Braga-Mele went above and beyond the call of duty. I was dealing with a very challenging issue with my vision that was both physically limiting and emotionally disheartening. She really took the time to listen and understand my unique health care needs. She wasn’t just a surgeon – she was a psychologist!”

Mr. Antony went on to describe how that same exceptional, personalized service he received from Dr. Braga-Mele was also extended from the entire care team at KEI. “The whole team was really exceptional. I was really impressed by the measures they took to make sure I was fully taken care of.”

On behalf of all patients, staff and physicians of Kensington Health we’d like to thank Mr. Antony and all of the Champions of Care donors for their generous donations, which will help to ensure we continue to attain excellence in person-centred health care services, research and education.

KENSINGTON SCREENING CLINIC

Investing in innovative technologies to save lives through early detection

The Kensington Screening Clinic (KSC) has been providing quality endoscopy services to our patients in a safe and comfortable environment since opening in 2009. This year marked the beginning of the KSC Equipment Renewal Campaign, which aims to raise funds to replace our existing endoscopy system.

Innovative technologies in endoscopy equipment allow for more accurate diagnosis and treatment, simplify setup and reprocessing, and improve workflow. This new technology will allow KSC to provide our patients with even safer, more comfortable procedures that achieve more accurate testing results.

It is a simple fact that screening saves lives and early detection is the first step in the treatment of colon cancer. Help us ensure that patients are getting the most accurate results while receiving safe and comfortable care.

Emine Meco and Rodolfo Delosa staff at the Kensington Screening Clinic

Kay Rhodes, Clinical Director, Kensington Screening Clinic
HIKE FOR HOSPICE

The Hike for Hospice is a nationwide event hosted by hospices and palliative care organizations across Canada to build awareness and raise funds to ensure that hospice, palliative care and emotional support is available – at no charge – to all individuals living with a life-limiting illness and their families.

On May 3, Kensington Hospice held our 5th annual Hike for Hospice, raising $62,000 to improve quality of life for those entering end-of-life care. Thanks to the generous support of our community, there were 197 hikers registered on event day plus 35 volunteers.

Since the first event, held in May 2011, this event has raised a total of $197,968 (gross) in support of Kensington Hospice.

Thank you to the participants, sponsors, staff and volunteers who continue to make this event an even bigger success year after year. Your passion and commitment is inspiring.

Raised in support of hospice and palliative care

A group of Hike for Hospice volunteers who generously donated their time to support the Hospice.

2014-15 THIRD PARTY EVENTS

The Grand Muster Group is a group of men who get together a few times a year to host intimate black-tie dinners in support of the Kensington Hospice. Since 2011, the Muster Group has raised $29,973, raising $11,400 last year alone. The Muster Group efforts are in honour of their dear friend Andrew McCarthy – the first Kensington Hospice resident. This August, the hutch area of the hospice was named after The Grand Muster Group.

Friends of John Carbray, hosted an event at the CN Tower in March. Tickets were $100 and there was a live/silent auction. Delicious gourmet appetizers were passed, and friends and family of John’s had a wonderful time celebrating John’s life. The event raised $8,500 for Kensington Hospice.

The owner of CAVA Restaurant, Doug Penfold, hosted a private dinner in March of this year in honour of their dear friend Claude Bouillet. The event raised $6,400 in support of the Kensington Hospice. Claude was a French Chef who spent a brief time at Kensington Hospice. His family and friends were impressed by the personalized care their friend received.
Kensington Foundation

IN THE COMMUNITY

Beyond providing financial support to the Kensington Health entities, the Kensington Foundation is proud to continue its tradition of giving back to our community by providing financial support to organizations and academic institutions in our community with a focus on health care.

This year we provided a total of $126,000 in grants to 17 different organizations in the community.

Fourteen of the recipients were Community and Social Service organizations, including:

- Chinese Family Services
- Global Institute of Psychosocial, Palliative and End-of-Life Care (GIPPEC)
- The Stop Community Food Centre
- Sketch
- L.E.A.D
- Multiple Sclerosis Society of Canada
- Silent Voices
- Evangel Hall
- Fred Victor Centre
- Kensington Health Centre Hope Program
- Salvation Army
- Sanctuary Ministries of Toronto
- Scott Mission
- Second Harvest
- Yonge Street Mission

Three recipients were Academic Institutions:

- Central Technical School
- Harbord Collegiate
- Ryerson University

Thank You to the Robert Kerr Foundation

The Robert Kerr Foundation has provided a grant totaling $250,000 to be used in the operation of the Kensington Hospice. Grant funds are intended to support the Hospice in providing services and programs for the benefit of the marginalized population.

The support received from the Robert Kerr Foundation is vital to the continued success of the patient and family care Kensington Hospice provides. Our mission is to provide compassionate, professional and personalized care to the terminally ill and their families. We provide the physical, emotional and spiritual care they need during the most trying of times.

Without their generosity it would be impossible to offer the broad range of special services that means so much to our patients and their families. We are grateful for the funding provided by the CCAC for nursing and personal support services, but it is the unfunded holistic care – whether emotional, spiritual, social or nutritional – that makes the Kensington Hospice home to individuals from all walks of life at a very difficult time. And this is why we greatly appreciate the Robert Kerr Foundation’s generous donation of $250,000 to the Kensington Hospice.

Hope Program

– The Kensington Foundation and supporters are committed to refreshing the rooms, and common areas at Kensington Gardens; essential expenses not covered by government funding or resident fees. New flooring, wallpaper, painting as well as updated window coverings, upholstery and bedding will guarantee the comfort and pleasure of those who call Kensington Gardens their home.

Kensington Eye Institute (KEI) and Kensington Screening Clinic (KSC) Equipment Renewal – Our mission is to exceed expectation in delivering high-quality person-centred care. In order to do that we need to ensure our equipment is updated with the latest technology to ensure we are delivering the best possible outcomes for our patients. Help support our mission by making a donation today.

Kensington Gardens Refresh Project – The Kensington Foundation and supporters are committed to refreshing the rooms, and common areas at Kensington Gardens; essential expenses not covered by government funding or resident fees. New flooring, wallpaper, painting as well as updated window coverings, upholstery and bedding will guarantee the comfort and pleasure of those who call Kensington Gardens their home.

Kensington Hospice – 30% of Kensington Hospice operating budget is funded entirely by our generous donors. This vital funding ensures that we can maintain this critical service for individuals and their families who are faced with life-limiting illness and bereavement.

Donate!

- Kensington Gardens Refresh Project
- Kensington Eye Institute (KEI) and Kensington Screening Clinic (KSC) Equipment Renewal

Participate!

- The 5th Annual Balanse Bum Run – Come out this April, 2016, and join the runners and walkers at this year’s Bum Run in support of colorectal cancer screening. A portion of the proceeds raised will be donated to the Kensington Screening Clinic.
- The 6th Annual Hike for Hospice – This nation-wide event that supports hospices across the country, including Kensington Hospice, will be held on May 1, 2016.
- FORE!! Save the date for The 16th Annual Kensington Golf Classic – Tuesday June 7, 2016

Become an organ and tissue donor!

- With the integration of the Eye Bank of Canada – Ontario Division, Kensington Health will become an even bigger advocate of organ and tissue donation. To register to become a donor please visit www.beadonor.ca.

Highlights of the Year Ahead

Community involvement is a crucial element in the success of our not-for-profit model. Individuals living in our community use our facilities, volunteer their skills and are represented on our Board of Directors. They bring awareness, responsiveness and accountability to the health and quality of life of their neighbours. Our goal is to maintain this generous spirit and committed passion through the 2015-16 fiscal year as we aim even higher to exceed expectations in person-centred health care services, research and education.

Here are some of the exciting highlights for our year ahead – but we can’t do it without you!
Independent Auditor’s Report on Summary Financial Statements

To the Board of Directors and Members of THE KENSINGTON FOUNDATION

The accompanying summary financial statements, which comprise the summary balance sheet as at June 30, 2015 and summary statement of revenue and expense for the year then ended are derived from the audited financial statements of The Kensington Foundation for the year ended June 30, 2015. We expressed a unqualified audit opinion on those financial statements in our report dated October 29, 2015.

The summary financial statements do not contain all the disclosures required by Canadian accounting standards for not-for-profit organizations. Reading the summary financial statements, therefore, is not a substitute for reading the audited financial statements of The Kensington Foundation.

Management’s Responsibility for the Summary Financial Statements

Management is responsible for the preparation of a summary of the audited financial statements on the following basis:

The summary financial statements include all information contained in the complete audited financial statements, except for a statement of net assets, statement of cash flows, notes and other explanatory information.

Auditor’s Responsibility

Our responsibility is to express an opinion on the summary financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standard (CAS) 810, “Engagements to Report on Summary Financial Statements”.

Opinion

In our opinion, the summary financial statements derived from the audited financial statements of The Kensington Foundation for the year ended June 30, 2015, are a fair summary of those financial statements on the basis described above.

Management’s Responsibility for the Summary Financial Statements

Management is responsible for the preparation of a summary of the audited financial statements on the following basis:

The summary financial statements include all information contained in the complete audited financial statements, except for a statement of net assets, statement of cash flows, notes and other explanatory information.
WAYS TO GIVE

We encourage everyone in our community to invest in the future vision of Kensington Health so we can ensure that our patients, residents and clients continue to receive the best health care outcomes and quality of life today and in the future.

Make a donation In Memory to honour a cherished individual

Offer a lasting, visible legacy in honour of a special loved one by naming Kensington in your Will or gain significant tax benefits through a gift of Shares and Securities or a Paid Life Insurance Policy

Say “Thank You” to a staff member or team who has made a difference in the care you or your loved one has received through our Champions of Care program

The Chair and Executive Director are ex officio voting members of all committees.

We greatly appreciate the generosity of all of our donors including the 1,941 who gave gifts under $100 in the last fiscal year. Every effort is made to ensure that our donor listings are accurate and complete. If you are aware of errors or omissions, please contact foundation@kensingtonhealth.org.
